

How to extract files from initrd.img

initrd.img is gzipped cpio file.

1. `mv initrd.img initrd.img.gz`
2. `gunzip initrd.img.gz`
3. `mkdir initramfs; mv initrd.img initramfs; cd initramfs`
4. `cpio -ivmd < initrd.img`

How to create initrd.img

```
find . | cpio -o -H newc | gzip > initrd.img
```

Note: -H newc is must.
