

include/asm-generic/dma-mapping-broken.h

该文件的做用？

in include/linux/dma-mapping.h

```
1.  #ifdef CONFIG_HAS_DMA
2.  #include <asm/dma-mapping.h>
3.  #else
4.  #include <asm-generic/dma-mapping-broken.h>
5.  #endif
```

这里的asm/dma-mapping.h ==> arch/arm/include/asm/dma-mapping.h
